

## BROKER AUTHORIZATION FOR DISPLAY OF IMLS IDX DATA ON AGENT WEBSITES

IMLS allows use of the IDX (Internet Data Exchange) database for display of MLS listings on agent websites with permission of the designated broker only. Agents who choose to display listing data on their personal websites must follow the IDX guidelines outlined in the IMLS Rules and Regulations. By authorizing the agent to display IMLS listings, the designated broker is agreeing to be responsible for compliance with all IMLS rules regarding IDX and IMLS data display. These responsibilities are fully outlined in the Intermountain MLS Rules and Regulations.
